PEP RESEARCH PUBLICATION INFO

Date:

Project Code

Project Title:

Team Leader:

List the (national and international) conferences in which you have presented your PEP research (name, place, date, etc.)

Have you already submitted your PEP research for publication in a professional journal? Yes No

If so, can you tell us which journals, and what is the status of your submission?

If not, do you have the intention to submit it in the near future (the next six weeks) and, if so, to which journal?

Do you require assistance to revise your paper in order to submit it to a prestigious journal?

Would you be potentially interested in collaborating with an internal or external PEP resource person who would become a co-author if s/he makes a substantial contribution to the paper?
